

INFORMATION FOR OTHER SCHOOL ORGANIZATIONS

A successful *Let's Fight Flu Together!* influenza vaccination clinic includes engaging other groups in the school in planning and promoting the clinic. Parents want their children to stay healthy and parent support groups in your school can help educate, motivate and vaccinate families in your community. Talk to your coaches about involving student athletics and their parents in the clinic. Academic and arts clubs are another source of support. The following document links will help you recruit and involve school clubs, groups, and organizations in co-hosting a *Let's Fight Flu Together!* clinic at your school.
