

WORKING WITH YOUR LOCAL HEALTH DEPARTMENT

Many children and families in your community can receive free vaccines through the state child health program, Medicaid, Medicare Part B and the Vaccines for Children program. By coordinating your efforts with that of your local health department, your organization can provide important preventative health care to more children and families. Discuss the *Let's Fight Flu Together!* program with your local health department and involve them early in planning, promoting, and conducting your clinic. The following document links will be helpful in your discussion with your local health department.

The following are located on the **"Forms"** web page at www.pta.org/FluShotClinics:

- * **Program Overview PDF**
- * **Liability Fact Sheet PDF**
- * **Why is This Program Important PDF**
- * **Flu Facts and Statistics PDF**

The following is located on the **"Promotions"** web page at www.pta.org/FluShotClinics:

- * **FAQs PDF**
- * **Flu Facts and Myths PDF**
- * **Posters PDF and/or Flyers PDF**

educate · motivate · vaccinate
